

ISMAILA IDRIS SINAN

RESEARCH FELLOW II

No 3, Anguwan Rimi, Jos North, Plateau State, Nigeria | ismailasinan@gmail.com | 08033670352

SUMMARY

I am a researcher at the intersection of cybersecurity and AI, with a PhD in Cybersecurity and 4+ years of experience in digital infrastructure, cloud systems, and AI governance. Fluent in English and Hausa, I combine technical expertise with the ability to engage diverse communities. My international collaborations in France, China, Benin, Morocco, and Senegal have strengthened my understanding of global challenges in digital inclusion. As a Cisco Academy Instructor, I have trained and mentored students who now work in ICT, building human capital. I am committed to applying technology to advance inclusive growth, digital resilience, and sustainable development

SKILLS

- Cybersecurity & IT Governance (ITIL, COBIT principles)
- AI/ML Applications & Responsible AI (audit-readiness, fairness, safety)
- Cloud Systems & Data-Centric Architecture
- Program & Portfolio Management (multi-stakeholder settings)
- Capacity Building & Training (Cisco Academy Instructor)
- Research & Policy Analysis (peer-reviewed publications)

WORK EXPERIENCE

National Open University of Nigeria Jan 2023– Present

- **Research Fellow II (Aug 2025–Present)**
 - Supporting research on AI and cybersecurity applications in digital learning.
 - Grant writing and developing proposals.
- **Assistant Program Coordinator (Artificial Intelligence) (Jan 2025 – present)**
 - Coordinated activities for the AI program and supported student research.
 - Helped integrate AI-driven tools into academic projects.
- **Lab Technologist, AI Lab (July 2024 – Dec 2024)**
 - Guided students in building AI models with real-world applications.
 - Supported hands-on learning environments for AI and cybersecurity.
- **Network Administrator (Jan 2023 – June 2024)**
 - Managed migration of university systems to cloud, improving uptime by 30%.
 - Oversaw data centre operations, ensuring compliance with IT governance.
 - Collaborated with cross-functional teams to secure e-learning platforms.

Research Intern, INRIA (PIRAT) Team, Rennes, France 21st May - 21st Oct 2023

- Researched AI-driven cybersecurity models for resilient systems.
- Worked in multicultural teams on digital resilience projects.

Intern, Digital Footprints 14th June - 8th Nov 2022

- Assisted in digital forensics and cybersecurity audits for organisations.

Additional Early Experience

- **Cisco Networking Academy Instructor.** 2019 – 2020
- **Class Teacher, SIIMS College, Jos** 2018 – 2019
- **National Youth Service Corps (NYSC), AEPB** 2013–2014

LEADERSHIP & ACHIEVEMENTS

- **Hackathon Leader, Gaston Berger University, Senegal (2021):** Led a team of MSc students; project placed 3rd, demonstrating leadership and innovation under pressure.
- **Cisco Networking Academy Instructor (since 2019):** Trained 200+ students in cybersecurity and IT Essentials, building local digital capacity.
- **Scholarships:** DSTN PhD Scholarship (2021–2024); French Embassy Scholarship (2024).

EDUCATION

Doctor of Philosophy in Cybersecurity National Open University of Nigeria	2021 - 2024
Master of Science in Computer Science Bayero University, Kano	2014 - 2018
Bachelor of Science in Computer Science Bayero University, Kano	2008 - 2013

PROFESSIONAL QUALIFICATION

CyberOps Associate, CISCO	2023
CCNA 1, CISCO	2021
AI Analysts, IBM	2020
IT Essentials, CISCO	2019
Introduction to IOT, CISCO	2019
